Subject: SURGE Pictures - First pictures from 2006 & 2010 Federal Dream Act Organizing

Hi Gloria,

I found the gem of the gem in the 1st set of pictures from the group.

The Summer of 2006 pictures at UCLA Ideas 2nd Annual Banquet are from our early stages when we were contemplating forming a student group.

We are the 3rd group in Southern CA who officially organized at the college level, right after Espiritu de Nuestro Futuro and IDEAS at UCLA.

That summer we found out Dr. Elena Macias was mentoring and organizing FUEL at CSULB.

I also found 2 pictures from our days organizing at the UCLA Labor Center to pass Federal Dream Act (calling senators to get the votes to have a pathway towards legalization)

Hope this helps!
